

St Bartholomew's CE Primary School

Pupil Premium

Each year the school is provided with a sum of money reflecting the number of children in school who, statistically, nationwide require some enhanced support to enable them to achieve their full potential.

At St Bartholomew's Church of England Primary School, the pupil premium allocation enables the school to provide a higher level of support to each classroom thus enabling teachers to have the resources to match adult support to individual children, especially in the case of vulnerable groups of children.

Examples of other activities offered by the school utilising pupil premium funding: Children in Key Stage 2 may receive 'One to One tuition' – an opportunity to work alone with a practitioner who focuses on their individual learning needs.

The purchase of particular support materials to use with particular groups of children is also supported through pupil premium funding. The needs of children across the school are wide ranging and do change over time – use of this funding may change accordingly through continual review to ensure best impact.

The Pupil Premium allocated to this school for 2011/2012 was £5,770.
