

# St Bartholomew's CE Primary School

20<sup>th</sup> April 2020

Dear Parents,

Welcome to the summer term. We want to start by saying thank you for your support during the first weeks of the school closure period.

Guided by the Department for Education, we would now like to share some information. From Monday 20th April the BBC are offering six 20-minute programmes on air daily on BBC iPlayer and red button. This learning covers core subjects including Maths, English and Science, with guidance from experts and teachers from across the country. The curriculum is for years 1 to 6. This may help support you with the teaching and learning and gives you a break from being the teacher!

Education Secretary Gavin Williamson has highlighted the experience of many families, saying: "As a parent, I know encouraging children to learn at home is no easy task and I am delighted that the BBC has worked with experts and exceptional teachers to create this educational package." The content is divided into age groups and BBC Bitesize online will publish a new Maths and English lesson for every child every day with more subjects to follow.

In order to support and enhance this we will also be introducing the option of a fortnightly phone call from your child's class teacher to check in on how you are getting on. This will give you the opportunity to ask any questions. This will also provide you and your child with an opportunity to share their great work and receive any help or support with their online learning to date.

Remember we are always here and an email to our school enquiries email address or [homework@stbartholomews.lincs.sch.uk](mailto:homework@stbartholomews.lincs.sch.uk) is all you need to do to get in touch.

Regards

---
