

## St Bartholomew's CE Primary School

### Big Battery Hunt!

14<sup>th</sup> September 2020

Dear Parents and Carers,

Some of you may remember that 18 months ago we decided to launch a campaign called 'The Big Battery Hunt'. With your help, the children at St Bart's collected a huge amount of batteries. Children went to work spaces, places of worship, local businesses and the wider community (pre-covid) to enlist everyone to help make sure that no battery ended up in landfill.

The Big Battery Company have distributed more boxes this year and your child has been supplied with one in order to help continue to recycle as many batteries as we can. When the box is full, send it into school so it can be emptied into the big battery container that is located in the main entrance. When your child's collection box has been emptied it will be returned to you so you can continue collecting. Alternatively, feel free to pop into the main entrance at your own convenience and empty your batteries into the container - contact free. Our big battery container has already been emptied once, so a massive well done to everyone in our school community who ensured batteries do not end up in landfill.

The batteries that can be collected are:

(Please only send in these battery types)

AAA

AA

C

D

Happy hunting and please ask if you have any questions!

*Miss Cannon*
