Tik Tok
Privacy Settings

Want to know where to find the privacy settings for Tik Tok? Try this...
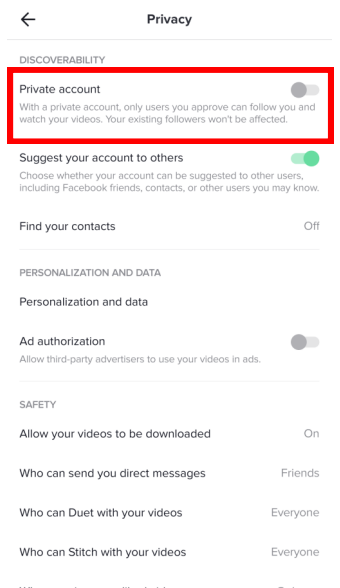

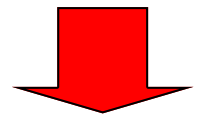

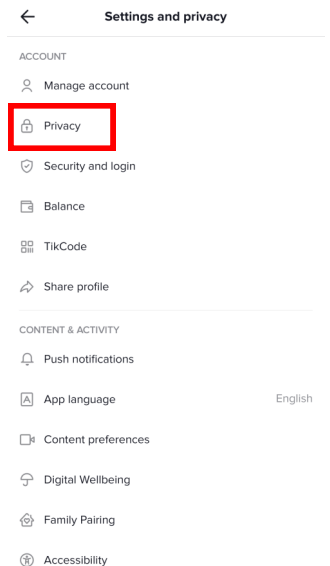

- Open Tik Tok and tap on your **Me** icon at the bottom of the screen to see your profile

- Tap the **3 bars or dots** at the top right of your profile

- Tap on **Privacy**

- Tap on **Private Account**

Private accounts will limit who can interact with you and see what posts you share, stopping anyone (Followers included) from downloading your posts. All Followers will need to be approved before they can view posts.
