

Proposed spending Academic year 2023-2024

The government have planned to double sports funding from previous years by levying a tax on fizzy drinks. These figures take into account the extra funding that may be available. The government is providing additional funding to improve the provision of physical education (P.E) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - will be allocated to primary school head teachers.

Eligible schools: Funding for schools will be calculated by reference to the number of primary-aged pupils (between the ages of 5 and 11), as recorded in the annual schools census in January.

Background: In April 2016, the Government announced a continuation of funding for Physical Education (PE) and sport until 2020. This funding is used to improve the quality and breadth of PE and Sport provision. The funding is for the period 1 September 2020 - 31 August 2021. This funding is ring fenced to be used for sport specific areas to make an impact in Physical Education and Sport in schools. We are also required to report on the progress of swimming by the time the children leave in Year. Schools are free to determine how best to use this funding to improve the quality and breadth of PE and Sport provision, including increasing participation in PE and Sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Purpose of funding: Schools must spend additional funding on improving the provision of P.E and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding might include:

1. Hiring specialist P.E teachers or qualified sports coaches to work with primary teachers when teaching P.E
2. Supporting and engaging the least active children through new or additional Change4Life clubs
3. Paying for professional development opportunities for teachers in P.E and sport
4. Providing cover to release primary teachers for professional development in P.E and sport
5. Running sports competitions or increasing pupils participation in the School Games
6. Buying quality assured professional development modules or materials for P.E and sport
7. Providing places for pupils on after school sports clubs and holiday clubs
8. Pooling the additional funding with that of other local schools

Accountability: From September 2013, schools have been held to account over how they spend their additional, ring-fenced funding. Ofsted has strengthened the coverage of P.E and sport within 'Inspectors' handbook' and supporting guidance so that both schools and inspectors know how sport and P.E will be assessed in future as part of the school's overall provision.

Ofsted will carry out a survey reporting on the expenditure of additional funding and its impact and schools are required to include details of their provision of P.E and sport on their website, alongside details of their broader curriculum, so that parents can compare sports provision between schools, both within and beyond the school day.

Impact of PE Grant

Spend for 2022-23	Value	Impact
Specialist sports staff (ESA) Gymnastics Bar and Apparatus Training Swimming (Resus)	£3775 CPD - Staff Training	<p>ESA provided specialist 1:1 training for new members of teaching staff and Teaching Assistants, this developed their confidence in lessons, using the Cambridge Scheme of Work for PE effectively in our setting and contextually, using equipment and resources effectively thus ensuring that first quality teaching is provided in all areas of Physical Education and School Sport. In addition, this supported other staff in developing their sports skills and ensured that they felt more confident in delivering a greater range of sporting activities and competitive sports which in turn raised standards within Physical Education and Sport both on an extra-curricular level and in lessons.</p> <p>Yoga Bugs was introduced this academic year to develop our awareness of wellbeing and mindfulness to support our physical and emotional wellbeing. Children and staff across the school took part in sessions led through a combination of storytelling, action songs, moves inspired by yoga and mindfulness, fun, active and motivational lessons. This engaged more children and in continuing with this on the curriculum we hope to increase the participation of children who traditionally dislike PE.</p> <p>Specific training in Bar and Apparatus for the teaching of Gymnastics has given teaching staff the opportunity to develop their knowledge and understanding of how to use this safely in lessons to ensure quality first teaching is provided consistently across the school.</p> <p><i>ESA is an organisation based in Spalding, (Elite Sports Academy). The experienced and highly qualified team works closely with many schools across South Holland to support them in raising whole school standards in Physical Education and School Sport. ESA also has extensive and established links with partner organisations; these provide enhanced opportunities for schools.</i></p>

Attendance at inter school sports tournament and school games leagues	<p>£1010 School Games Tournaments and School Super League</p> <p>£790 (Minibus Travel)</p>	<p>Children in KS2 were given the opportunity to apply fundamental skills learnt in competitive sporting situations like leagues, tournaments and competitions organised by ESA. The Girl's Football Team reached the semi-final stages of the School Super League for the first time. A greater number of children participated in tournaments and league competitions giving them ample opportunities to develop their understanding of the elements of competitive sports: fair play, sportsmanship, teamwork, passion and resilience. In addition, the numbers of events accessed and children taking part in a range of competitions across the school increased.</p> <p>Through team training, PE, Science and DT lessons children learnt about the importance maintaining and sustaining physical activity in their lives and a healthy lifestyle. Through PE lessons our children have been taught to observe and produce the conventions of fair play, honest competition and good sporting behaviour as individual participants, team members and spectators. Thus, embedding life-long values such as co-operation, collaboration and equity of play. We also aim for children to develop the necessary knowledge which will have a positive impact on their future by becoming physically active citizens to benefit their long-term health and well-being. As a staff body we have strived to create a culture at St Bartholomew's, that inspires an active generation to enjoy PE, encourage each other and achieve. Examples of this are Sports Day, Enrichment Activities, Extra-curricular clubs, 10k Fun Run.</p> <p>Pupils and their families across the school have taken part activities together which have been enjoyable and based on their interests, and have developed a love and enjoyment of sport.</p>
Specialist Coaching Sessions	£575	Sports Clubs / Training sessions
PE Equipment and aids	<p>£7353.11 EYFS</p> <p>£538.34</p>	<p>Equipment was purchased to further the physical development of children in EYFS. Gross and fine motor skills were identified in a boy heavy cohort as areas for development and as a result the following items were purchased: wheelbarrows, foam building blocks, various sizes of balls, den-making materials and a climbing frame. The impact of this was children have developed greater independence in their choosing ti me and across all areas of the curriculum. Social skills were developed as they interacted with each other. Gross motor skills were developed which in turn led to the development of fine motor skills, having a greater impact across the children's development as a whole. Children in EYFS have become more confident in taking risks and working together as part of a team. Opportunities were created to sort and tidy which has developed their cross curricular links and personal development. The items purchased have developed children's core strength and balance as they have moved around the outdoor area and in different subjects across the curriculum.</p>
Pitch cutting and Line Marking	£2653.50	<p>Children have applied P.E skills learnt in a competitive sporting events, like intra house competitions and in lessons. They have used the netball court, tennis court, badminton court, football pitch, rounders pitch and running track on our school grounds. The children have been taught about the relevant health and safety measure taken in each area taught and they have participated in competitive games that have developed their knowledge and</p>

		understanding of different sports by using the correctly marked courts and pitches in the tournaments and league matches they have taken part in.
Swimming	£896.35	Teachers have been able to use the Swimming Units from the Cambridge SOW in conjunction with the training provided from Swim England which has ensured that first quality teaching was evident in lessons and our children were able to make progress from Fundamental aquatic skills to stroke development, with a specific focus on water safety, This has supported some of our Year 6 children in meeting the national requirements for Swimming and Water Safety. It is evident that the Swimming Units and staff training provided by Ian Roberts, Lead Adviser - Physical Education and School Sport, have given staff greater confidence in teaching and children have demonstrated greater confidence in the water, the focus on float to live has made many of the less experienced swimmers feel able to put their faces in the water. It was also noted that a greater number of children were able to swim 25m continuously in other year groups across the school.
Funding: Spending:	£17,191.30 £18,041	Carry forward: £293 Projected £17,000

Spending for 2023-2024

Proposed Spend for 2023-24	Value	Aims
Staff Training	£2000 CPD - Staff Training	Training will be provided for staff members, to develop their confidence and ensure that first quality teaching is provided in all areas of Physical Education and School Sport. This will also refine sports skills and develop greater confidence in a range of sporting activities which in turn will raise standards within Physical Education and Sport. Suggested training opportunities <i>ESA is an organisation based in Spalding, (Elite Sports Academy). The experienced and highly qualified team works closely with many schools across South Holland to support them in raising whole school standards in Physical Education and School Sport. ESA also has extensive and established links with partner organisations; these provide enhanced opportunities for schools.</i>
Child Development	Playground Leaders £420 Young Leader Award	Developing responsibilities and life long learning - leadership physical activity.
Attendance at inter school	£1010 School Games	A greater number of children will be given the opportunity to apply fundamental skills learnt in lessons to competitive sporting situations like leagues, tournaments and competitions organised by ESA. Those that are not

sports tournament and school games leagues	Tournaments and School Super League	<p>chosen or do not opt for these will have the opportunity to apply the skills learnt in intra school competitions between our teams. As a result, children will have ample opportunities to develop their understanding of the elements of competitive sports: fair play, sportsmanship, teamwork, passion and resilience. In addition, the numbers of events accessed and children taking part in a range of competitions across the school will increase.</p> <p>Physical Education is used to promote sustainable physical activity and healthy lifestyles. We also aim for children to develop the necessary knowledge and skills which will have a positive impact on their future by becoming physically active citizens and disciples of change to benefit their long-term health and well-being. We will strive to create a culture at St Bartholomew's, which aims to inspire an active generation to enjoy PE, encourage each other and achieve.</p> <p>Pupils will take part in activities within the curriculum and wider curriculum which are enjoyable and based on their interests, thus equipping them with a love and enjoyment of sport. There will be further opportunities for competitive sporting events in school with inter house/team competitions and pupil vs staff games, as requested by the children during pupil interviews led by the sports captains.</p>
PE Equipment and aids	<p>£3000</p> <p><i>£120 service of equipment</i></p>	We would like to purchase equipment for children to use and will ensure that sufficient equipment is available to them at break, lunch times and during lessons across the PE Curriculum to ensure there are a range of activities for the children to take part in.
Pitch cutting and Line Marking Upkeep of grounds	£4270	Children are able to apply the P.E skills learnt in a competitive sporting events, like intra house competitions and in lessons. They will have opportunities to use a netball court, tennis court, badminton court, football pitch, rounders pitch and running track on our school grounds. The children are taught about the relevant health and safety measure taken in each area taught and they play competitive games and develop their skills in a number of sporting areas by using the correctly marked courts and pitches. They will use these skills when attending Elite Sports Academy events.
Swimming Pool	£1000	The swimming pool is a key feature here at St Bartholomew's and is loved by all. The upkeep of this area is vital in developing key skills for our children and will help them learn how to perform safe self-rescue in different water-based situations, which is particularly relevant to our local area. In addition, it will support our Year 6 children in meeting the national requirements for Swimming and Water Safety. Staff will also develop greater confidence in teaching and children will demonstrate greater confidence in the water right from the beginning of their school journey.
Anticipated funding: Anticipated spending:	<p>£18,123.00</p> <p>£</p>	<p>Carry forward: £</p> <p>Projected £16,823</p>
