Attendance winner of the week

Franklin are the attendance winners for w/c 10.2.25 and have won a trip to the park with Gerald during playtime one day next week (w/c 3.3.25).

Every child that has 100% for the week during term 3 had their name put into a 'virtual hat' and one was picked at random by an online spinner at the beginning of this week. Congratulations to our Term 3 winner; click here ([About - St Bartholomew's](#)) and scroll down to find out who won a £15 All4One voucher.

Your child will be bringing home their Termly Attendance Summary letter today. This letter informs you of their termly attendance percentage, as well as the number of lates and unauthorised lates received during term 3 and Year to Date. As high attendance remains a priority for the school, we will continue to closely monitor absence levels during the school year, and we will contact those where concerns arise.

Any Other Information/Reminders

Severe Weather/Snow Closure

In the event of severe weather, we will always strive to ensure that the school remains open, but in the event that extreme weather conditions necessitate the closure of the school we will advise you of this in a number of ways. We will notify parents via email via ParentMail, update the school website and advise Lincs FM and BBC Lincolnshire radio stations so listen out to their broadcasts or log onto their websites. We will also post a message on the school's Facebook page.

Book Wish List

We are constantly trying to update our school Library so the child have the opportunity to read new and exciting books. With this in mind, Mrs Szydłowski has sourced a 'Book Wish List'. It has been created by our local book shop 'Bookmark' in Spalding. They have been extremely kind and made an area on their website where you can click on a book and purchase it online and have also offered us a discount. We felt it was not only important to purchase new books for our children but also support a local small business. When a few books have been purchased they will then contact Mrs Szydłowski to go and collect them. If you feel you would like to purchase a book for our Library, or know someone that would like to, then please follow this link:

<https://uk.bookshop.org/lists/st-bartholomew-s-ce-primary-school-wishlist?>

Bookmark have informed us that if you select a book from our list on their website and buy via the website then a delivery cost will be added. If you see a book you would like to purchase please email them directly or call the shop. They will then have the books delivered to the shop for free and it will be collected from them.

Health Care Plans

In order that we can provide the necessary care required to those children who have on-going health care needs, we require parents to complete a 'Health Care Plan' form via ParentMail. This document is used to detail the on-going health issues and, if applicable, the medication that each child requires. If you haven't done so already and your child has health care needs, please complete the form via ParentMail. Thank you to those parents who have already completed their child's Health Care Plan.

Attendance

All schools are expected to keep their attendance over 96%, and our Year to Date attendance sits at 96.09%. If you need any help with attendance, please come and speak to us as we will help in any way that we can. Dr Chris Whitty released this statement via the DfE: *"It is usually appropriate for parents and carers to send their children to school with mild respiratory illnesses. This would include general cold symptoms: a minor cough, runny nose or sore throat. However, children should not be sent to school if they have a temperature of 38°C or above."*

Supporting you to understand the new rules

A National Framework for Penalty Notices for school absences, including unauthorised leave of absences in Term Time, is being introduced following changes to the law. These new government regulations will come into effect from 19th August 2024.

What are these changes?

If a pupil has **10 unauthorised sessions**, which is equal to **5 school days**, within a **10 week period**, a penalty notice may be issued.

This will come under 3 categories: First, Second, and Third offence.

First Offence

The first time a Penalty Notice is issued for Term Time leave or unauthorised absences the amount will be:

£160 per parent, per child if paid within **28 days**, reduced to **£80** per parent, per child if paid within **21 days**.

Second Offence

The second time a Penalty Notice is issued for Term Time leave or unauthorised absences the amount will be:

£160 per parent, per child to be paid within **28 days**. No reduced rate will be offered.

Third offence and any further offences (within 3 years)

The third time an offence is committed for Term Time leave or unauthorised absences a Penalty Notice will not be issued, and the case will be presented straight to the Magistrates Court.

Magistrates' fines can be up to £2500 per parent, per child. Cases found guilty in Magistrates' Court can show on a Parents future DBS certificate, due to failure to safeguard a child's education.

What Parents & Educators Need to Know about MARVEL RIVALS

AGE RESTRICTION
PEGI 12

ESRB advise nobody under the age of 13 should play

WHAT ARE THE RISKS?

Marvel Rivals launched in December 2024 and amassed a player count of nearly 150,000 in mere weeks. This player versus player (PvP) shooter packs in a host of recognisable comic-book characters, pitting two teams of six against each other. Despite the game's cartoonish nature, there are several potential risks for parents and educators to be aware of.

IN-GAME CHAT

Voice chat allows players to speak to teammates and opponents within the game, but in a competitive environment, some conversations can become unpleasant. Text chat is equally prominent among those playing on PC and will be shown on the side of the screen. Moderation on chats is relatively lax, so it's important to recognise that potentially inappropriate messages could arrive at any time.

IN-GAME PURCHASES

While Marvel Rivals is free, there is an in-game store, selling character skins from recognisable movies and comic-book titles. Each season also includes a £10 Battle Pass (much like those seen in Fortnite and Call of Duty), offering a series of exclusive cosmetic items. These passes don't expire – but they can't be purchased once the next season rolls around, creating a fear of missing out.

CONTACT WITH STRANGERS

With such a huge player base, it's impossible to predict whom your child will be teaming up with or playing against. They're virtually certain to run into strangers through voice and text chat, for starters. Most of these people will just be ordinary gamers enjoying the action, but there is the risk of some users behaving inappropriately with younger players – either intentionally, or because they don't realise that they're speaking to a child.

VIOLENT CONTENT

There's no gore in Marvel Rivals, and the violence depicted is comparatively cartoonish – but the playable characters available vary between more traditional superheroes and supervillains, and figures like Black Widow and The Punisher, who use more realistic firearms. Given the game's nature as a shooter, this may make some parents and carers uncomfortable as some players will be firing these weapons at each other.

INAPPROPRIATE CONTENT

The game includes some innuendos and mature themes in the dialogue, which could expose youngsters to content unsuitable for their age, detracting from a safe and family-friendly gaming experience. As we mentioned previously, the content of the in-game chat could also be age-inappropriate, ranging from swearing to mature themes to potentially harmful content.

FAMILIAR CHARACTERS

The inclusion of iconic characters might make Marvel Rivals appear more approachable than other games in the genre, with recognisable heroes and villains like Spider-Man and Venom. This could lead to more interest from younger players, increasing the likelihood of children playing the game without properly understanding the risks.

Advice for Parents & Educators

FOLLOW ESRB RATINGS

The ESRB rating for Marvel Rivals says the game shouldn't be played by anyone under 13. Most children of that age will be able to appreciate the moral compass of the roster of characters (people can play as Hela, the Goddess of Death, for example), while also ensuring that the violence, however cartoonish, won't overwhelm them.

UNDER 13

FAMILIARISE YOURSELF

The game's inclusion of fan-favourite characters like Iron Man and the Hulk, plus its increasing popularity, means that younger Marvel fans will likely be eager to see what the fuss is about. Since it's free, consider playing Marvel Rivals yourself to gauge how you feel about a child playing it. Alternatively, you could let them play against the game's AI in Practice Mode, until they're old enough to compete online.

MONITOR OR TURN OFF CHAT

Voice and text chat can both be adjusted within the in-game settings. If you're particularly concerned about exposing children and young people to them, however, you can disable both forms of chat in the game's settings. If a child wants to play alongside friends, remind them that they can use their console's party chat feature or host a call on a third-party service like Discord.

MONITOR OR TURN OFF CHAT

DISCONNECT PAYMENT OPTIONS

Parents should ensure that no payment options – such as debit cards – are linked to the game, to prevent unauthorised purchases and charges. Children can be tempted by enticing in-game offers without fully understanding the costs. Removing payment methods avoids impulsive in-game spending and instils a sense of financial awareness, teaching young people to be careful with their money.

What Parents & Educators Need to Know about WHATSAPP

AGE RESTRICTION
13+

WHAT ARE THE RISKS?

With more than two billion active users, WhatsApp is the world's most popular messaging service. Its end-to-end encryption only allows messages to be viewed by the sender and any recipients: not even WhatsApp itself can read them. The UK's Online Safety Bill proposes to end such encryption on private messaging, but for the time being, this controversial feature remains.

EVOLVING SCAMS

WhatsApp's popularity makes it a lucrative hunting ground for scammers. Recent examples include posing as the target's child, requesting a money transfer because of a spurious 'emergency' – plus a scam where fraudsters trigger a verification message by attempting to log in to your account, then (posing as WhatsApp) call or text to ask you to repeat the code back to them, giving them access.

CONTACT FROM STRANGERS

To start a chat, someone only needs the mobile number of the WhatsApp user they want to message. Therefore, if a child has ever given their number out to someone they don't know, that person could then contact them via WhatsApp. It's also possible that the child might be added to a group chat or community (by one of their friends, for example) containing other people they don't know.

FAKE NEWS

WhatsApp's connectivity and ease of use allow news to be shared rapidly – whether it's true or not. To combat the spread of misinformation, messages forwarded more than five times on the app now display a "Forwarded many times" label and a double arrow icon. This makes users aware that the message they've just received is far from an original ... and might not be entirely factual, either.

CHAT LOCK AND SECRET CODES

In 2023, WhatsApp introduced a feature that lets users keep their chats in a separate 'locked chats' folder, saved behind their phone's passcode, fingerprint or face ID. There is an additional feature – 'Secret Code' – where users set a unique password for locked chats. Unfortunately, this creates the potential for young people to hide conversations and content they suspect their parents wouldn't approve of.

VIEW ONCE CONTENT

The ability to send images or messages that can only be viewed once has led to some WhatsApp users sharing inappropriate material or abusive texts, knowing that the recipient can't reopen them later to use as evidence of misconduct. People used to be able to screenshot this disappearing content – but a recently added WhatsApp feature now blocks this, citing protection of privacy.

VISIBLE LOCATION

WhatsApp's Live Location feature lets users share their current whereabouts, which can be helpful for friends meeting up or parents checking that their child is safe while out, for example. However, anyone in a user's contacts list or in a mutual group chat can also track their location – potentially letting strangers identify a child's home address or journeys that they make regularly.

Advice for Parents & Educators

EMPHASISE CAUTION

Encourage children to treat unexpected messages with caution; get them to consider whether it sounds like something a friend or relative would really send them. Make sure they know never to share personal details over WhatsApp, and to be wary of clicking on any links in messages. Setting up two-step verification adds a further layer of protection to their WhatsApp account.

ADJUST THE SETTINGS

It's wise to change a child's WhatsApp settings to specify which of their contacts can add them to group chats without needing approval. You can give permission to My Contacts or My Contacts Except... Additionally, if a child needs to use Live Location, emphasise that they should enable this function for only as long as they need – and then turn it off.

CHAT ABOUT PRIVACY

Check in with the child about how they're using WhatsApp, making sure they know you only have their safety at heart. If you spot a Locked Chats folder, you might want to talk about the sort of content they've stored in there, who they're talking to, and why they want to keep these chats hidden. Also, if children send any View Once content, it could be helpful to ask them why.

DISCUSS GROUP CHATS

Make children aware that there could be members of a group that they don't know well and that words can be misinterpreted. Encourage them to leave a group chat if it makes them uncomfortable – or for any reason, in fact.

THINK BEFORE SHARING

Help children understand why it's important to stop and think before posting or forwarding something on WhatsApp. It's easy – and all too common – for content that a user posts to be shared more widely, even publicly on social media. Encourage children to consider how an impulsive message or forwarding might damage their reputation or upset a friend who sent something to them in confidence.
