

St Bartholomew's C of E Primary

Online Safety (Staff) Policy

Our Vision:

At St Bartholomew's we provide a gate way of discovery through our diverse curriculum and nurture global disciples who positively impact God's gift to us – the world. Our curriculum enables our learners to recognise their place in the wider world by enabling them to understand their place in Pinchbeck West; the importance and value of where they live. It aims to develop agents of change who are taught to protect the environment, solve problems to ensure society is a better place and take responsibility for their actions to make the future a somewhere far improved from where it is. There is clear focus on developing a rich vocabulary through a text centred approach and providing learners with the opportunity to independently gain powerful knowledge to ensure their future success. Through boundless forgiveness, compassion and a safe learning environment our children can Let their Light Shine (Matthew 5:16). We learn to love responsibly by developing the skills and knowledge needed under God's spiritual counsel, bringing light to all those around us. We are beacons of hope for our communities guided by God's spirit and love.

Community - everyone is treated with dignity through an ethos of respect for all. Care is given to our environments. This spirit permeates our daily lives as we walk side by side together following in God's footsteps.

Hope - every person is guided to fulfil their hopes and aspirations, enabling them to reach their full potential. We place no ceiling on expectations. Our growth mind-set helps us to accept where we are, understand barriers and with hope and faith overcome and succeed.

Wisdom - we give our children exceptional experiences, everlasting knowledge and equip them with the skills needed to make good judgements for the greater good, guided by God's patience and love.

Dignity - we radiate belief which generates self-worth in all who come through our doors. Everyone is reminded daily of their worth and significance in our community.

This policy has been created with a school emphasis using the online safety policy of Lincolnshire Safeguarding Children's Board (LSCB) and the Acceptable Use of ICT Policy (AUP). This is a minimum requirement to which all school staff should adhere.

Set out below are the recommendations based on those of the LSCB. All St Bartholomew's CE Primary's Staff are required to comply with the requirements of this Policy.

- **Internet access** - You must not access or attempt to access any sites that contain any of the following: child abuse; pornography; promoting discrimination of any kind; promoting racial or religious hatred; promoting illegal acts; any other information which may be illegal or offensive to colleagues.

It is recognised that under certain circumstances inadvertent access may happen. For example, a school researching the holocaust may produce results with Nazi propaganda. Should you or a student access any of these sites unintentionally you should report the matter to the headteacher so that it can be logged and logged in the online safety incident log.

Access to any of the following should be reported to the headteacher (Online Officer) or the

Designated Deputy Child Protection Officer, and by the headteacher on to Lincolnshire Police: images of child abuse (sometimes incorrectly referred to as child pornography). These are images of children apparently under 16 years old involved in sexual activity or posed to be sexually provocative; adult material that potentially breaches the Obscene Publications Act; criminally racist material in the UK.

- **Email** – wherever possible, staff should use their school email account for all school business.
- **Social Networking** – All social networking sites are blocked. This will be reviewed from time to time and, should it become educationally beneficial to use a social networking site, a decision about unblocking a particular site would be made. No member of staff should, knowingly, become a 'friend' with a pupil on a social networking site nor engage in online chat with a pupil.
- **Passwords** - Staff should keep passwords private. Passwords are confidential and individualised to each person. On no account should a member of staff allow a student to use a staff login.
- **Data Protection** - Where a member of staff has to take home sensitive or confidential information sufficient safeguards should be in place to prevent loss or misuse, i.e. is it really necessary to take it all home, can it be encrypted, does it have to be on a USB memory stick which can be easily misplaced. Staff are reminded to use encrypted memory sticks. All data relating to children, including images, must be encrypted.
- **Images and Videos** - Staff and pupils should not upload onto any internet site images or videos of other staff or pupils without consent or images of themselves including other staff or pupils without consent for affected staff or pupils.
- **File sharing** - technology such as peer to peer (P2P) and bit torrents is not permitted on the Lincolnshire School's Network.
- **Use of Personal ICT** – if essential, personal ICT equipment may be brought in for use within school. Any such use should be stringently checked for up to date anti-virus and malware checkers.
- **School IT equipment** – at the headteacher's discretion, school IT equipment may be removed from the school site for planning/presentation etc., purposes. A log book is retained in the school office and any equipment removed from site should be recorded out and when returned. This excludes teachers' laptops.
- **Viruses and other malware** - any virus outbreaks are to be reported to the headteacher and by them on to Ark Helpdesk as soon as it is practical to do so, along with the name of the virus (if known) and actions taken by the school. All teachers are regularly advised to scan memory sticks for viruses.

Staff should note that internet and email may be subject to monitoring

Social Networking

The governors of St Bartholomew's C of E Primary strongly recommend the following; Staff should also take care when posting to any public website e.g. Facebook, including online discussion forums or blogs and ensure that comments do not harm their professional standing or the reputation of the school. This includes online activities which can be completely unrelated to the school.

- Staff must not post content on websites that may appear as if they are speaking for the school.
- Staff should not post any school related material online that can be clearly linked to the school or that may damage the school's reputation.
- Staff should not post any material which could clearly identify them, another member of staff or

a pupil (related to school). This will avoid the risk of the information potentially being used to embarrass, harass, or defame the subject.

- It is strongly advised that parents of children at the school do not have access to your social networking profile or personal email contacts.
- No teacher should enter into an online 'friendship' with children, parents and/or ex-pupils.

For additional guidance please also see the LCC Social Media Policy.

Useful websites:

CEOP is a part of the UK police force dedicated to the eradication of child sexual abuse. There is an excellent educational programme, as well as advice and videos for all ages on their website.
